

William Anelay Ltd

Building and Restoration Contractors of Distinction

Founded in 1747, William Anelay is one of the country's oldest building companies and specialises in the restoration, refurbishment and additions to historic buildings and monuments. The Company's strength lies in its own in-house specialist trades, a knowledgeable and experienced management team and a thorough understanding of conservation and restoration techniques and processes.

William Anelay remains true to its core skills and offers joinery, masonry, brickwork, leadwork and traditional metal roofing either as stand-alone crafts or combined with other specialist trades to form an Anelay managed one-stop shop project.

The Rotunda Museum, Scarborough - a one stop shop project

The Navigation Warehouse, Wakefield

Founded in 1747, William Anelay is one of the country's oldest building companies and specialises in the restoration, refurbishment and additions to historic buildings and monuments. The Company's strength lies in its own in-house specialist trades, a knowledgeable and experienced management team and a thorough understanding of conservation and restoration techniques and processes.

William Anelay remains true to its core skills and offers joinery, masonry, brickwork, leadwork and traditional metal roofing either as stand-alone crafts or combined with other specialist trades to form an Anelay managed one-stop shop project.
