*Examples of completed projects include:*

The Orangery, Sledmere House, Driffield

Burrows Davies Limited carries out high quality masonry, conservation and restoration works on historic properties and listed buildings including churches, historic houses and monuments throughout the Midlands, North of England and Scotland.

The company works primarily as principal contractor and occasionally as a specialist sub-contractor, and over the past few years, has successfully completed various prestigious projects ranging in value from a few thousand pounds to £1 million.

Examples of projects include:

- The Orangery, Sledmere House, East Yorkshire: - New stonework including steps and paving and re-build existing stone façade.
- Nostell Priory – Boathouse, Bridge and Obelisk: - External stonework repairs to the boathouse and bridge, reconstruction of the stone slate roof to the boathouse, restoration of the Obelisk Lodge and repairs to adjoining stone boundary walls.
- St Andrew's Church, Foston on the Wolds: - Renewal/rebuilding of stonework to Tower, including buttresses, windows, stringcourses, ashlar and pointing, and new drainage system to the Church generally.
- All Saints Church, Preston in Holderness, Hull: - Stonework repairs and pointing to the Nave, Aisles and Clerestory walls, stainless and lead roofing, glazing, rainwater goods and new drainage system
