Chapel Haddlesley Church. New Penrhyn Welsh slate

Traditional Roof Slating & Tiling Company established in York since 1853.

A member of the National Federation of Roofing Contractors, Joseph Hardgrave Limited can offer a wealth of experience and knowledge in traditional roofing.

This has been accumulated over many years of restoring and maintaining the roofs of historic and important buildings including: Ripon, Durham and Chester and Southwark Cathedrals, the London Savoy Hotel, the Leeds General Infirmary and some of the North of England's best known churches, country houses and other notable buildings.

Our expertise enables us to specialise in the use of traditional roofing materials such as clay tiles, wood shingles, stone slates and all other forms of natural slate both sized and in random widths and diminishing courses, either in new or reclaimed materials.

Burythorpe Church. Second hand Welsh slate.
