

Purcell Miller Tritton

Architects and Historic Buildings Consultants

The York Office of Purcell Miller Tritton merged with Martin Stancliffe Architects in 2004; we have now practiced from our offices in Marygate for 25 years. As a practice we specialize in the conservation and repair of historic buildings. Our approach is to provide a professional service to clients and the construction team, a commitment to scholarship and design excellence.

The practice has recently been awarded a number of prestigious awards for its work, including winner of the Georgian Group Award for Restoration of a Georgian Church, winners of the Natural Stone Award for use of stone, RIBA Design Award for Blaenavan World Heritage Centre and Civic Trust Award for Wentworth Castle.

Selby Abbey Stonework conservation and repair

The York Office of Purcell Miller Tritton merged with Martin Stancliffe Architects in 2004; we have now practiced from our offices in Marygate for 25 years. As a practice we specialize in the conservation and repair of historic buildings. Our approach is to provide a professional service to clients and the construction team, a commitment to scholarship and design excellence.

The practice has recently been awarded a number of prestigious awards for its work, including winner of the Georgian Group Award for Restoration of a Georgian Church, winners of the Natural Stone Award for use of stone, RIBA Design Award for Blaenavan World Heritage Centre and Civic Trust Award for Wentworth Castle.

In addition to the practice's skills in building conservation, our work within the historic environment encompasses strategic planning, conservation management plans, condition surveys, adaptation and refurbishment of listed buildings as well as new buildings within historic settings. We are a member of the UK Green Building Council and are committed to an accredited sustainable agenda supported by our ISO 14001 Certification.
