The main Objects of the Trust are "to preserve for the benefit of the townspeople of the City of York in the county of North Yorkshire and of the nation at large, whatever of the English historical, architectural and constructional heritage may exist in and around the City of York aforesaid in the form of buildings of particular beauty or historical, architectural or constructional interest".

The Trust (formerly Ings Property Company Limited) was formed in 1945 by Dr John Bowes Morrell and his brother Cuthbert. The current Directors and Trustees (all related to the founders) are keen to ensure that any property for sale, covered by the above Objects, should be, where possible, acquired by the Trust and returned to its former glory rather than being left to fall into disrepair.
